18th TUC Panel on **GQL and SQL/PGQ**

- ■ The transition to GQL: issues, pace?

- ■ The future of GQL and the future of SQL/PGQ: what's missing, what are the priorities for technical content

- ■ The relationship of GQL and SQL in the future
        Will SQL/PGQ "eat graph databases for lunch" (Andy Pavlo)

- ■ The future of LPG and RDF
